TO THE DESCENDANTS OF
STEPHEN McDANIEL, SR.:

This record was compiled after an effort covering a period of nearly two years. Hundreds of letters and blanks were sent out to the various members of the family and to these members we extend our thanks for the assistance rendered us. Without their help the task would have been impossible.

We realize that some errors and omissions will be located and we trust our attention will be called to same, so that corrections can be made in any future editions that may be printed.

Much of the data is incomplete, which was occasioned on account of not being able to locate a record of same and by the failure of some to understand the importance of our questions and answer our letters in detail.

We have made no attempt to write a history of the family, although we have in our files much information that will be of value for the purpose at some future date.

In the compilation set forth we have had in mind a foundation on which some member of the family in the future could build faster and with more ease than this volume was produced.

On account of the historical connection of the McDaniel farm at the mouth of Anderson Creek between Perry and Spencer Counties, Indiana, being the land that was leased for a ferry by the Lincolns, a copy of this Record will be presented to the Southern Indiana Historical Society to be filed in the Archives of the Memorial Building at Lincoln City, Indiana. Other copies will be given to the Public Libraries of Kentucky and Southern Indiana.

Special attention is called to the provision in the back of this book to record future events of births, deaths, and marriages.

We assure you we have tried to render a service worth while and herewith submit same to you.

Your Kinsfolk,

CHARLES G. HARRIS
Recorder

From this point on an attempt has been made to give a complete record of the twelve families above.

The record is compiled in order of birth. The oldest child and his family complete, then the second child and his family, and on through the list.

This makes a record of twelve groups, and each group is worked out on the same plan.

The twelve groups are separated by halftone engravings of the child, where it could be obtained, and if not, a grandchild will be found in its stead.

We have had our photographer to take special pains with the engravings, and are proud of his success, as some of the photos were very old and much faded.

In compiling this record, as well as getting up the family reunion held June 23, 1929, the inspiration was received from that desire to complete same while my mother had the health to enjoy both.

While this volume is dedicated to all living members of the family and is as a memorial to those who have passed beyond, it is especially dedicated to my mother, Nancy Ann McDaniel Harris.
